*"As a 25-year old, I didn't know what to expect, but I knew that I was not traveling to Africa to see the animals."*

Since his first trip to Africa in 1971, CHESTER HIGGINS JR. has returned more than 30 times to photograph the people, ancient sites, ceremonies, and small town life in Ethiopia, Mali, Senegal, and Ghana.

From **May 5th – June 13th, 2012**, Tekserve will share its space with a selection of stunning pictures from Higgins' trips down the River Nile, plus some portraits of our African neighbors in New York, along the River Hudson.
